VETO MESSAGE

I, Robert E. Armstrong, Mayor of the City of Fort Wayne, hereby veto Special Ordinance No. S 76-07-41 (as amended).

I am vetoing this ordinance to again draw Council's attention to the need for protecting the health and welfare of the people of the City of Fort Wayne.

The Director of Public Safety is a vital person in the proper administration of public safety programs. With more than one-third of all city employees comprising the seven departments under the direction of this administrator, it is in callous disregard of the health and safety of our people to eliminate this position. While I am quite certain that past decisions of Council indicate that the Council undoubtedly will have sufficient votes politically to override this veto, I implore the individual members of Council to put the safety of the people above politics and join with me in the desire to offer our citizens the best administered emergency departments possible. There are a number of considerations which I believe should be weighed by Council:

First, good management principles dictate that seven departments, often performing similar functions and composed of a third of the city work force, should be coordinated on a day-to-day basis by a single administrator who can ensure not only maximum efficiency from the individual departments, but also prevent inefficiency through the provision of overlapping services.

Second, the burden of the daily programs administered by the Mayor dictates that assistance be given in handling the administrative chores in co-ordinating these seven agencies. The Director of Public Safety, given the authority to act as the Mayor's representative in dealing with these daily problems, provides this essential function.

Third -- and most importantly -- Fort Wayne's crime rate continues to be exceptionally high, despite the fact that we have been successful in slowing the rate of increase in violent crimes. I am hopeful the Council will join me in the massive program of crime control by continuing to provide the administrative services of a Director of Public Safety. The Director is able to assist with the administrative chores of the Police Department, thereby leaving

the department free for the battle against crime. In addition, we are working diligently to upgrade Fort Wayne's fire prevention, fire control, and emergency medical assistance programs, and the Director of Public Safety has been charged with the personal duty of effecting these improvements.

Whether we be Mayor or Council, Republican or Democrat, conservative or liberal, the welfare of the people of this community must be our chief concern.

At my inauguration, I took an oath to uphold the laws of the City of Fort Wayne, and I intend to do everything in my power to live rigidly by that oath. I consider the Director of Public Safety as essential to my fulfilling that commitment to the people. The members of the Common Council took a similar oath, and I urge you now to think again about your commitment to the people of this community and reconsider your action by helping this Administration protect the health and safety of our people by sustaining this veto and retaining the position of Director of Public Safety.

Signed this 2nd day of September, 1976.

To the Members of the Common Council

Gentlemen and Mrs. Schmidt:

Annexation Ordinance No. X-01-76, an Ordinance annexing certain territory in Councilmanic District No. 3, was presented to me on August 25 for approval.

The area which would be annexed is the right-of-way area of the Cook Road. The purpose of annexation is to permit the City to build sidewalks for the use of school children attending Lincoln and Shawnee schools.

To provide for the safety of these children going to and from school has been uppermost in my mind ever since assuming the Office of Mayor. To this end, I have charged my legal staff with researching the laws to see if there is a way in which the City of Fort Wayne could install these walks.

The legal staff has informed me that "A city shall have the power to establish, construct, maintain, control and operate public and municipal facilities, within a distance of four miles from its corporate limits." Several other statutes also appear to make it possible for the Board of Works of the City of Fort Wayne to install the sidewalks on Cook Road.

The legal staff also has pointed out that the legal description contained in the annexation ordinance and the map which is also in the ordinance are ambiguous. Also, this "spot zoning" does not meet the requirements for annexation as set forth in the Cities and Towns Act of 1969 and it quite possibly could be declared invalid in a court of law.

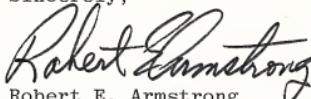

To the Members of the Common Council
Page 2
September 3, 1976

The property owners have evidenced their willingness to participate in costs of construction by contributing and soliciting others to contribute to the fund which has been established to aid in this effort. Therefore, I have instructed the Board of Public Works to have our Engineering Department prepare specifications and to advertise to take bids so a contract may be let immediately for construction of a sidewalk on the south side of Cook Road, from Coldwater Road to the aforementioned schools. The City will pay the difference between the amount collected for this purpose and actual construction costs.

The Ordinance, if legal, does not take effect until 60 days after its publication. Doubting the legality and certainly understanding that it is superfluous in the construction of these sidewalks, I am returning this document to you signed so that in no way will I impede this important project.

I leave the determination of the legality to the courts. In the meantime, I have the satisfaction of knowing that sidewalks for the safety of these children will be a reality in the very near future.

Sincerely,

Robert E. Armstrong
Mayor

Gentlemen and Mrs. Schmidt:

Attached hereto is a copy of a resolution pertaining to one (1) zoning ordinance amendment acted upon by the City Plan Commission at their regular meeting held August 23, 1976. In addition to the reasons outlined in the resolution, the following are addition remarks pertaining to the ordinance involved:

1. Bill No. Z-76-07-13
2. From "R2" to "BLA"
3. Intended use: Small gift shop and apartment
4. Plan Commission Recommendation: DO NOT PASS

This ordinance received a DO NOT PASS recommendation for the following reasons:

- a. This block consists almost exclusively of residential uses permitted under the existing "R2" Zoning. The granting of this request would alter the residential character of the block. In addition, the increase in traffic contingent with the "BLA" rezoning would adversely affect several adjacent properties.

If there are any questions with regard to this ordinance, please feel free to call on us.

RESOLUTION OF ZONING ORDINANCE AMENDMENT RECOMMENDATION

WHEREAS, the Common Council of the City of Fort Wayne, Indiana, on July 13, 1976, referred a proposed zoning map amendment to the City Plan Commission which proposed ordinance was designated as Bill No. Z-76-07-13; and,

WHEREAS, the required notice of public hearing on such proposed ordinance has been published as required by law; and,

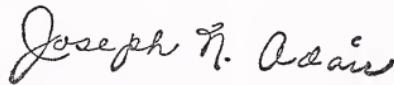

WHEREAS, the City Plan Commission conducted a public hearing on such proposed ordinance on August 16, 1976;

NOW THEREFORE, BE IT RESOLVED that the City Plan Commission does hereby recommend that such proposed ordinance DO NOT PASS for the reasons that no need has been shown for the Land Use Plan to be amended, the amendment will not be in the best interest of and benefit to the area involved and of and to the City, and the amendment will be detrimental to and conflicts with the overall City Plan;

BE IT FURTHER RESOLVED that the Secretary is hereby directed to present a copy of this resolution to the Common Council at its next regular meeting.

1. Bill NO. Z-76-07-30
2. From "RA" to "M1"
3. Intended Use: Three (3) storage warehouses for storage contractor's supplies.
4. Plan Commission Recommendation: DO NOT PASS

This ordinance received a DO NOT PASS recommendation for the following reasons:

- a. The granting of this request would represent spot zoning and would initiate a significant change in the character of the area. Although this area will, in the future, probably become multi-family, commercial, or industrial in use, such a change should be accomplished in a comprehensive planned manner.

4. Plan Commission Recommendation: DO PASS

This ordinance received a DO PASS recommendation for the following reasons:

- a. The present use of the property is a beauty shop. The building has been used as a beauty shop and other commercial uses for several years, however, not since 1955. The petitioner purchased the property as a beauty shop and after purchase, realized it was not appropriately zoned. The Plan Commission felt that this could be rezoned to a "B1A", subject to restrictions. (See attached restrictive covenant)
